Subject: Licence Application Variation Ref: 21/01077/LAPRE1

**Objection to Licence Variation 21/01077/LAPRE1**

We wish to register our objection to this licence application.

The recent history of incidents proves that the venue, including its management, is unable to meet its obligation of preventing crime and disorder and to ensure public safety.

It is clear that the committee has been misled on previous applications with regards to the purpose of music and the control of noise.

This proposed variation is a further step to turn the venue into a full on night club which will have a negative effect on the residential neighbourhood. This includes the health of its residents who are already subject to a lack of sleep due to late night noisy customers/staff leaving the venue.

We therefore urge you to refuse the requested extension to the licence.

Debra & Paul Roberts
21 New Park Road
