

What are Chichester District Council's Priorities and Principles for Funding?

Priority Areas:

Applications must meet one of the following areas

- **Economy**
Helping viable start-up businesses and existing independent businesses to implement projects that create jobs, help business to grow, and benefit the local economy. **MAXIMUM £2,500**
- **Improving Living Places and Spaces**
Improvements to publicly owned space or built assets that enhance the wellbeing of local residents, or the habitats of the District's wildlife.
- **Targeted Projects**
Projects where the primary benefit is to those in greatest need. Priority would be given to projects benefiting "Think Family Neighbourhoods": Chichester East, Chichester South, Tangmere and Selsey North.

Principles

In addition to the Priorities, Chichester District Council has adopted six Principles that it considers important in developing appropriate projects for financial support. Applications will be assessed against the following considerations:

- Will the project increase participation or employment?
- Does the project demonstrate working with others?
- Does the project have clear objectives and outcomes?
- Does the project demonstrate Value for Money?
- Is there evidence that the project is needed or addresses a recognised gap in provision?
- Is the project ready for implementation?
