## Noise sensitive premises that may be affected

Address	Distance from Source (m)
Priory Road	Nearest house is 160 mtrs away

**Type and size of the sound system:**

1. 2 x 7m high towers (one either side of the screen)
2. Each have a hang of x 6 RCF HDL20a series

**Sound system set up (e.g. number and position of delay / circuit speakers, compressors / limiters etc.):**

No delay system required; we are not a music festival that requires this detail.

**Please provide any additional information on the measures to be taken to minimise the noise at noise sensitive premises around the premise/site:**

Please see attached Noise Management Plan (NMP)
