Comment Reasons:

Comment:22/03/2021 10:22 AM I wish to object to the proposed 3am license on the grounds of the potential night-time noise and disruption this may cause.

Currently, any time in our West Street garden during the summer months is spent to the accompaniment of loud music, and even louder public address announcements, from the existing fun-fair. Given the prevailing wind direction, this is already a considerable nuisance and I note it here in this objection only to emphasise the potential nuisance of additional noise at night.

In addition to noise from the licensed venue itself, it can be expected that late night drinking will increase the already all too frequent incidence of noise and disruption from drunken groups returning home. The draw of a late night drinking venue will also likely increase the traffic to and from the venue, again with associated noise and disruption.

Recognising that people on holiday will no doubt appreciate a late bar, it is nevertheless suggested that to avoid the worst of the impact on local residents, a licence till midnight, with associated controls on noise, might be a reasonable compromise.
