RECOMMENDATION TO PERMIT

1.0 Reason for Committee Referral

1.1 Parish Objection - Officer recommends Permit

2.0 The Site and Surroundings

- 2.1 The application property is located to the south of Quay Meadow, there are neighbouring properties to the north and open community space to the north west of the application property. The application property is a two storey property and is Grade II listed (list no. 1026429). The listed description is as follows:

'Irregular shaped building, originally the tide-mill. Mostly C18 but with some earlier timbering exposed in the north west gable end. Faced with red brick stone rubble, tile-hanging and tarred weather boarding. Tiled roof. Casement windows.'

3.0 The Proposal

- 3.1 Single storey rear west elevation extension to include balcony/roof terrace above and external spiral staircase to access top deck and lifting side, to replace existing marquee. Enlargement of existing dormer window on first floor west elevation to create door access to balcony/roof terrace and proposed new dormer door to match. Internal alterations.

4.0 History

| | | |
|--------------|-----|---|
| 86/00180/BO | PER | Rebuilding and improvement of existing porch entrance. |
| 86/00182/BO | PER | Rebuilding and improvement of existing porch entrance. |
| 88/00086/BO | PER | Installation of HAIB 60 sea crane to replace existing derrick. |
| 88/00128/BO | PER | 8 inch reinforced concrete scrubbing down base laid flush with the bed of channel size o/a 35ft x 15ft |
| 91/00146/BO | PER | General refurbishment and alterations. Construction of two dormers and new stair. Construction of cellar. |
| 94/00157/FUL | PER | Reinforced concrete scrubbing-off base laid in channel. |
| 94/02172/FUL | REF | Six metal posts already erected on quay to store tenders. |
| 97/01762/LBC | PER | Proposed new bar store. |
| 97/01763/FUL | PER | Proposed new bar store. |

| - Flood Zone 2 | YES |
| - Flood Zone 3 | YES |

6.0 Representations and Consultations

6.1 Parish Council

Bosham Parish Council objects to this application. Bosham sailing club is a listed building situated in a highly prominent position on Bosham Quay which is the most visited part of the conservation Area. The marquee is a temporary structure and whilst it has a visual impact on the building, there is no physical impact on the building. We do not believe it can be used to validate a planning application. The elevated dining/sitting area is intrusive on the surrounding area and will allow the noise associated with the social aspect to radiate over a much wider area. We have concerns that the lighting necessary for this platform to be safe will be invasive and will be difficult to control to meet the requirement of the Dark Skies Policy.

No objection, subject to: -

- o Removal of the marquee from the site;
- o 1:20 drawings, detailing the physical attachment of the balcony to the Listed Building and a method statement for making the attachment and standard working practices to ensure the integrity of the Listed Building is not damaged during construction;
- o Agreement of materials samples, with external stairwell to be powder-coated matt black; and,
- o Installation of a system of drapes or blinds to be deployed or drawn in hours of darkness.

Reasoned justification.

Following a site visit made 22/8/2022 and having regard to the policy framework below I make the following observations.

A pre-application meeting was held between a few Club members and myself during the second Covid lockdown, at which time it was stressed that the acceptability of the proposals would revolve around how the integrity and significance of the heritage asset would be conserved, within the Bosham Conservation Area and wider Chichester Harbour AONB, of which the site is very prominently located.

The planning application form states that pre-application enquiries took place with the Council's Conservation Officer Owen Bradley, who appears to have been supportive of the tabled design solution. Curiously, the LB application form says no pre-application advice was sought from the local authority!

Historic England's list description of this grade II Listed Building - (previously listed as 10.5.73 Nos 1 and 2 Church Cottages) - reads -

"Irregular shaped building, originally the tide-mill. Mostly C18 but with some earlier timbering exposed in the north west gable end. Faced with red brick stone rubble, tilehanging and tarred weather boarding. Tiled roof. Casement windows."

On the face of it the submitted supporting written statement lacks an in-depth assessment of the Policy framework designed to conserve and enhance the AONB, safeguard the integrity of a designated heritage asset, with some views also impacting the setting of the Grade I Listed Holy Trinity Church.

For example, the installation of a bat box discretely and appropriately positioned on the building would have been a useful enhancement of the AONB's biodiversity.

The agent fails to acknowledge that the existing tented structure/marquee has never enjoyed the benefit of formal planning permission nor Listed Building Consent and sits away from the building envelope.

The proposed balcony is lightweight and appears to have been designed to cause the least intervention with the Listed Building, the retractable walling system, would also allow the Listed Building to be viewed in times of fine weather. That this structure is far more respectful of the Listed Building is indisputable and the structure would also have less mass than the marquee, yet staying subordinate to the main eaves line and setting of the Holy Trinity Church. The spiral staircase is discrete and its impact on the Listed façade minimal. Unfortunately, no detail is given of the colour finish of the staircase. The Conservancy considers a bare galvanised finish would not be respectful of the Listed Building and considers it should be powder-coated matt black during its manufacture.

It is agreed that the additional dormer window would balance out the west elevation. Reference has been made to an earlier unimplemented permission for a dormer window, but no reference number is given and the earliest consent I can trace is DC 86/00180/BO, which was for rebuilding and improvement of the existing porch. If such a consent was granted, it would have been helpful for the agent to have properly illustrated/documentated this.

I make no observations on the proposed internal alterations and leave those for the Council's Conservation Officer to comment on. It is considered that no lighting ought to be installed to the underside of the balcony, or that if this is the intention, a scheme of blinds or drapes should be considered to limit pollution of the night sky.

The proposed development, in the wider AONB landscape and Bosham Conservation Area, is acceptable, subject to the suggested planning conditions.

6.3 Third party comments

Three letters commenting on the following have been received;

- Objection to the spiral staircase. It is considered that this is unsightly and intrusive and should be moved or omitted.
- Objection to the terrace and that it will result in light pollution and noise.
- The proposed dormers will result in light pollution.

7.0 Planning Policy

The Development Plan

- 7.1 The Development Plan for the area comprises the Chichester Local Plan: Key Policies 2014-2029, the CDC Site Allocation Development Plan Document and all made neighbourhood plans. The Bosham Parish Neighbourhood Plan was made on 22nd

November 2016 and forms part of the Development Plan against which applications must be considered.

Chichester Local Plan: Key Policies 2014-2029

- 7.2 The principal planning policies relevant to the consideration of this application are as follows:

Policy 47: Heritage and Design

Bosham Parish Neighbourhood Plan 2014-2029

- 7.3 The principal planning policies relevant to the consideration of this application are as follows:

Policy 5 – Conservation of the Historic Environment

Chichester Local Plan Review Preferred Approach 2016 - 2035

- 7.4 Work on the review of the adopted Local Plan to consider the development needs of the Chichester Plan Area through to 2036 is now well underway. Consultation on a Preferred Approach Local Plan has taken place and following detailed consideration of all responses to the consultation, it is intended that the Council will publish a Submission Local Plan under Regulation 19 in early 2023. Following consultation, the Submission Local Plan will be submitted to the Secretary of State for independent examination. In accordance with the Local Development Scheme, it is anticipated that the new Plan will be adopted by the Council in 2023. However, at this stage, it is considered that very limited weight can be attached to the policies contained within the Local Plan Review.

National Policy and Guidance

- 7.5 Government planning policy now comprises the revised National Planning Policy Framework (NPPF 2021), which took effect from 20th July 2021. Paragraph 11 of the revised Framework states that plans and decisions should apply a presumption in favour of sustainable development, and for decision-taking this means:

c) approving development proposals that accord with an up-to-date development plan without delay; or

d) where there are no relevant development plan policies, or the policies which are most important for determining the application are out-of-date, granting permission unless:

- i. the application of policies in this Framework that protect areas of assets of particular importance provides a clear reason for refusing the development proposed; or
- ii. any adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in this Framework taken as a whole.

- 7.6 Consideration should also be given to the following paragraph and sections: Section 16. The relevant paragraphs of the National Planning Practice Guidance have also been taken into account.

7.7 The aims and objectives of the Chichester in Partnership Community Strategy 2016-2029 which are relevant and material to the determination of this planning application are:

- Influence local policies in order to conserve and enhance the qualities and distinctiveness of our area

8.0 Planning Comments

8.1 The main issues arising from this proposal are:

- i. Impact upon Heritage Assets

Assessment

Impact upon Heritage Assets

- 8.2 S. 66 of the Planning (Listed Building and Conservation Areas) Act 1990 requires the Planning Authority (LPA) to have special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses. Also, S. 72 of the Planning (Listed Building and Conservation Areas) Act 1990 requires the Planning Authority (LPA) to pay special attention to the desirability of preserving or enhancing the character or appearance of the conservation area. In addition, the NPPF stresses the importance of protecting heritage assets, stating that LPA's should take account: of the desirability of sustaining and enhancing the significance of a heritage asset, the positive contribution that conservation of heritage assets can make to sustainable communities and to the desirability of new development making a positive contribution to local character and distinctiveness.
- 8.3 Bosham Sailing Club is a former tidal mill and mainly consist of 18th Century fabric, however earlier timber is understood to still exist in the north west corner of the building. The building is grade II listed within Bosham Conservation Area and Chichester Harbour AONB. The building consists of predominantly brick construction and the interior of the building appears to have been subject to a number of alterations. It is noted that there are number of nearby listed building within the Conservation Area. One of these building is the Parish Church of the Holy Trinity, which is grade I listed. The application property and Church would be visible from the adjacent green/open space. Therefore, the impact of the proposal on the setting on the grade I listed building would need to be assessed. It is considered that given the modest scale of the proposal and proposed materials, that it would not have a detrimental impact on the setting of the Parish Church of the Holy Trinity.
- 8.4 The current application follows an application for Listed Building Advice on site, which was generally positive. The proposal has been verbally discussed with the Council's Conservation and Design Officer during the course of the application. It is considered that the extension and would be an acceptable form of development. The proposal would represent an overall improvement from the existing marquee. However, it is acknowledged that the existing marquee is not a lawful development. It is considered that the proposal would result in less than substantial harm and would result in public benefit and would be in accordance with paragraph 202 of the NPPF 2021. The proposed materials for the development would be acceptable and would not detract from the setting of Bosham

Conservation Area. In addition, it is considered that the spiral staircase would be acceptable and would not impact the character of the listed building or the setting of Bosham Conservation Area . Therefore, it is considered that the proposed development would comply with the requirements of the Section 66 and Section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 and Policy 47 of the Local Plan and Policy 5 of Bosham Neighbourhood Plan.

Conclusion

- 8.5 Based on the above it is considered that the proposal complies with the legislative requirements, the NPPF and the relevant development plan policies. Therefore the application is recommended for approval.

Human Rights

- 8.6 In reaching this conclusion the Human Rights of the applicants and those within the settled community have been taken into account under Article 8 and Article 1 of the First Protocol of Human Rights. The application has been assessed, upon its own merits in line with National and Local Planning Policy, with a decision issued accordingly.

RECOMMENDATION

PERMIT subject to the following conditions and informatives:-

1) The works for which Listed Building Consent is hereby granted must be begun not later than the expiration of three years beginning with the date of this consent.

Reason: To comply with Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

2) The works hereby permitted shall be carried out in accordance with the plans listed below under the heading "Decided Plans".

Reason: To ensure the works comply with the listed building consent.

3) No development shall be carried out above ground floor slab level until a schedule of external materials finishes and samples to be used on the development hereby approved has been submitted to and approved in writing by the Local Planning Authority. Thereafter the development shall be carried out in full accordance with the approved schedule and samples.

Reason: To safeguard the appearance of the building and the character of the area and to enable the Local Planning Authority to properly consider the development.

4) All new works and making good of the retained fabric whether internal or external, shall be finished to match the adjacent work with regard to the methods used and to material, colour, texture, profile and style.

Reason: To safeguard the architectural and historic character of the Listed Building or to ensure the detailing and materials maintain the architectural interest of the building

Decided Plans

The application has been assessed and the decision is made on the basis of the following plans and documents submitted:

| Details | Reference | Version | Date Received | Status |
|--|------------|---------|---------------|----------|
| PLAN - PROPOSED GROUND FLOOR PLAN | 56XX_A_100 | REV A | 28.04.2022 | Approved |
| PLAN - PROPOSED FIRST FLOOR PLAN | 56XX_A_101 | REV A | 28.04.2022 | Approved |
| PLAN - PROPOSED SECTION A-A | 56XX_A_200 | | 28.04.2022 | Approved |
| PLAN - PROPOSED SOUTH ELEVATION OPEN AND CLOSED | 56XX_A_301 | | 28.04.2022 | Approved |
| PLAN - PROPOSED NORTH ELEVATION OPEN AND CLOSED | 56XX_A_302 | | 28.04.2022 | Approved |
| PLAN - EXISTING WEST ELEVATION - WITH AND WITHOUT EXISTING MARQUEE | 56XX_E_300 | | 28.04.2022 | Approved |
| PLAN - Location Plan | 56XX_E_500 | | 28.04.2022 | Approved |

INFORMATIVES

1) The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

2) The developer's attention is drawn to the provisions of the Wildlife and Countryside Act 1981, the Conservation (Natural Habitats etc) Regulations 1994, and to other wildlife legislation (for example Protection of Badgers Act 1992, Wild Mammals Protection Act 1996). These make it an offence to kill or injure any wild bird intentionally, damage or destroy the nest of any wild bird intentionally (when the nest is being built or is in use), disturb, damage or destroy and place which certain wild animals use for shelter (including badgers and all bats and certain moths, otters, water voles and dormice), kill or injure certain reptiles and amphibians (including adders, grass snakes, common lizards, slow-worms, Great Crested newts, Natterjack

toads, smooth snakes and sand lizards), and kill, injure or disturb a bat or damage their shelter or breeding site. Leaflets on these and other protected species are available free of charge from Natural England.

The onus is therefore on you to ascertain whether any such species are present on site, before works commence. If such species are found or you suspected, you must contact Natural England (at: Natural England, Sussex and Surrey Team, Phoenix House, 32-33 North Street, Lewes, East Sussex, BN7 2PH, 01273 476595, sussex.surrey@english-nature.org.uk) for advice. For nesting birds, you should delay works until after the nesting season (1 March to 31 August).

For further information on this application please contact Rebecca Perris on 01243 534734
